### **2007 Sample Plans**

**BDC07T-05**

**August 20, 2008**

**SUBJECT: Release of 2007 Sample Plans**

The 2007 Sample Plans are hereby released. This edition has been significantly expanded to include bridge/structures Sample plans and ITS Sample plans. In addition, the Environmental Sample plans and Landscaping Sample plans have also been to expanded to include more information. The samples depict 2007 Items and reflect 2007 Standard Specifications. Since several 2001 pay items have been eliminated in the 2007 Items, the designers are required to depict project specific information. For example : the "TO BE CONSTRUCTED" box may state LARGE DECIDUOUS TREE, 3-3 1/2" CALIPER, B&B, but the designers are required to specify the species of the trees to be planted on the project plans. This instruction shall be followed through out the project. Projects using the 2007 Standard Specifications, shall use 2007 Sample Plans.

A summary of some of the changes included in the 2007 Sample Plans sheet is as follows: .

#### **Narrative part:**

Sheet #	Sheet Title	Revisions
